

### MIC-DESKEVO

The MIC-DESKevo announcement desk combines ease of use with professional audio quality for your ERP sound installations, schools, shopping centers and public buildings.

Its unidirectional electret microphone delivers outstanding intelligibility, while the integrated chime with independent volume control attracts attention before each announcement.

Intuitive Push-to-Talk function: short press to speak, long press to trigger the chime alone. Dual balanced XLR and unbalanced 6.35 mm jack outputs for universal connection to 100V line amplifiers or mixers. USB-C powered.
